I am inclined not to respond. In any event, we should remember that we were discussing AAA and not the litigation. We made it perfectly clear to the AG's office that we were not discussing this in the context of any litigation but solely on the basis of AAA and what we might be able to do with the program in Mass. After listening to the AG we decided that the AG really had nothing more or better to suggest; at least not until we had a chance to see how AAA worked. I was involved solely because I know Tom Green, the first assistant AG.

Chuck.

Mike is coming in shortly. I think Frank Philips is calling our bluff as far as Mike recommending he talk to Vic as he declined comment yesterday.

Topic: MA Medicaid Suit
Deadline: 6:00 p.m. today

Do you need to get involved in this?
Mary Ellen: do we know where Mike is today? Pls advise.

He said Mike York recommended he call Vic Han. The att. general has been preparing to join the 3-4 other states in suing the tob. co. for medicaid loss related to smoking illnesses. The MA att. gen. is negotiating an offer with the tob. cos. to fund anti-smoking programs and in return he will drop the lawsuit. Would like confirmation on this.
